Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation, I am pleased to submit a copy of our Annual Report for the fiscal year 2003-2004.

In this report, you will find a brief narrative that details the goals achieved and the challenges met by our volunteers and staff. Also included is a list of grants made under our various programs as well as our audited financial statements.

Through the allocation of $100 million from the government's charity casino initiative, we have enabled Ontarians to work together to enhance the quality of life in their communities. Our grants help build healthy and vibrant communities throughout the province by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

The Foundation's volunteer Grant Review Teams and the members of the Board of Directors, supported by an able professional staff, continue to provide outstanding leadership. All of us share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship the Ontario Trillium Foundation has with your ministry and we look forward to continuing to work together to build healthy and vibrant communities throughout Ontario.

Sincerely,

Robert Power

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Message from the Chair
Robert G. Power

At the conclusion of the Foundation's fifth year of its expanded mandate, I look back with pride at our achievements.

My six years with the Foundation—the last five and a half as Chair—have been an incredible experience. Over these years, the Ontario Trillium Foundation has grown from a small, little-known organization into a successful provincial program with broad acceptance across the social and political spectrums of Ontario.

As I near the conclusion of my term as Chair, I look back with pride and gratitude for having led an organization that is driven by a strong and dedicated Board, outstanding Grant Review Team volunteers and capable staff. All have worked hard to achieve our goal of building healthy and vibrant communities throughout Ontario.

In the past five years, our expanded mandate saw the Foundation's rapid growth and increased grant-making in four sectors. From April 1999 to March 31, 2004, the Foundation awarded over 7,700 grants totalling over $478 million in the four sectors it serves. We have:

- Invigorated the arts and culture sector with $107 million in funding;
- Contributed nearly $44 million to the not-for-profit environment sector;
- Dedicated $230 million in grants to the human and social services sector;
- Supported the sports and recreation sector with over $97 million in grants.

While it is very satisfying to look back over our achievements, I am particularly proud to acknowledge those who have contributed to our collective accomplishments.

We are grateful to our funder, the Government of Ontario, the Ministry of Culture and the Honourable Madeleine Meilleur for their continuing financial commitment, practical support and guidance.

We are fortunate to benefit from the commitment of our 350 volunteers. The members of our Board and the volunteers on the 16 Grant Review Teams devote countless hours to the work of the Foundation and their local communities. We are also fortunate to be supported by capable and professional staff across the province, led by Chief Executive Officer, L. Robin Cardozo. They ensure that we have the resources and tools we need to fulfill our obligations as effective stewards of public funds and I would like to acknowledge their fine work.

Many of our volunteers who have been with us since our expanded mandate in 1999 will be leaving this year as their terms expire. Our collective work would not have been possible without the hard work and dedication of the Foundation's unpaid Board and Grant Review Team volunteers.

The tenures of these accomplished community leaders included a lot of sweat and long hours but it was well worth the effort. They truly embodied the spirit of volunteerism, demonstrating what can be accomplished when people work together to turn visions into reality. Thank you.

Robert G. Power
Chair of the Board

Message from the Chief Executive Officer
L. Robin Cardozo

Over the past five years, since the adoption of our expanded mandate, we have grown in many exciting ways. We have met our granting targets, reached out to charitable and not-for-profit organizations across the province and worked to enhance the Foundation's efficiency and effectiveness.

During the past year, we refocused the Foundation's vision, mission and values, to help guide our strategic and operational directions in the coming years. Our aim is to build healthy and vibrant communities throughout Ontario.

In 2003-2004, the Foundation invested $96,685,700 in 1,776 grants to charitable and not-for-profit organizations reflecting the diverse spectrum of interests, people and communities in Ontario.

During the year, over 137,000 volunteers contributed 3.7 million hours to initiatives supported by our grants. In addition, the Foundation supported more than 12,500 community events, celebrations and activities, which were attended by more than 6.1 million people.

Our funding is sought by thousands of organizations in Ontario. For every dollar we have available to grant, we receive three dollars in requests. For every dollar granted in 2003-2004, grantees were able to attract $1.50 in additional resources, which included volunteer hours, in-kind donations and government and non-government contributions.

As a result of consultations with stakeholders, changes to our granting programs gave small municipalities the opportunity to benefit from our funding in the arts and culture and sports and recreation sectors. These changes were especially welcomed in communities that do not have the infrastructure of incorporated not-for-profit organizations to apply for grants in these sectors.

Our Strategic Granting Initiative for Library Boards serving municipalities of 20,000 or less, introduced on April 1, 2003, also fit within this approach. Under this special program, we awarded 215 grants, valued at $2 million, to assist small libraries with their important work.

I would like to thank the Minister of Culture, the Honourable Madeleine Meilleur and Deputy Minister Terry Smith for their support and encouragement during the past year.

At the Foundation's Annual General Meeting in June 2004, a number of Board members will be leaving us, as they conclude their terms. I would like to take this opportunity to recognize the outstanding contributions of our Board members, and in particular, the leadership of our Chair, Robert G. Power. For the last five and a half years, Rob has led the Board with clarity, enthusiasm and sensitivity. His presence will be missed.

We are grateful also to our Grant Review Team volunteers, who capably represent the Foundation across the province. Finally, the efforts of our volunteers and the work of the Foundation are well supported by a dedicated professional staff.

As you review the summary of 2003-2004 achievements that follows, we have already embarked on Year Six of our expanded mandate, a year that holds new promises and new challenges. I am confident that, working together, we will continue to accomplish our goals and deliver exceptional value to our funder and our stakeholders across Ontario.

Ontario Trillium Foundation
Review of 2003-2004 Achievements

The Ontario Trillium Foundation Business Plan for the year covered four major performance goals. The following summarizes the organization's achievements relative to those goals.

Goal 1: Make investments to build healthy, caring and economically strong communities

Achievements:

- Approved grants during 2003-2004, with a value of $96,685,700 representing 99.7 per cent of the grants budget for the year;
- Introduced revised Program Guidelines and conducted information sessions across the province; in particular, the Foundation provided information to the small municipalities eligible for OTF grants;
- Implemented a strategic granting program to provide one-time grants to libraries in small communities, following the completion of consultations with representatives of the library sector;
- Increased the proportion of grants for capital, renovation and equipment projects;
- Introduced, for the first time, support for high-impact national/world-class events through the Province-Wide Program;
- Further documented the impact of OTF grants on Ontario communities, including the impact on economic and community benefits, with a special emphasis on measuring the impact of OTF grants at leveraging local resources;
- Developed and implemented sector-specific and region-specific outreach strategies to facilitate achievement of sectoral targets;
- Held the biannual OTF Conference in the fall of 2003 to further develop volunteer and staff grant-making expertise.

Goal 2: Continue to strengthen accountability

Achievements:

- Implemented the recommendations of a monitoring study conducted in 2002, in order to ensure the effective and cost-efficient monitoring of the growing number of grants managed by the Foundation;
- Continued to ensure the highest level of accountability for public funds by introducing a refined risk assessment approach to further enhance the grant monitoring process;
- Further enhanced evaluation of the impact of grants by moving to the next phase of the Foundation's Program Evaluation Framework;
- Maintained customer service standards, and made improvements where appropriate, based on input received from grant applicants;
- Explored additional ways to use technology to improve customer service;
- Reviewed the practices of other grant-makers to identify and adopt best practices in efficient and effective grant monitoring;
- Continued to fine-tune organizational performance measures and focus on outcomes of OTF investment in communities.

Goal 3: Continue to strengthen organizational effectiveness

Achievements:

- Ensured that OTF has the appropriate level of resources to maintain accountability standards of effective grant-making, customer service and grant monitoring—particularly in the context of the increasing numbers of grants being managed;
- Maintained accessibility of programs across Ontario, a high level of customer service and a high ranking as a cost-effective organization;
- Enhanced computer access for the regional offices;
- Enhanced the grant classification system by implementing new grant coding procedures;
- Further developed volunteer decision-making capacity through professional development, including specific training for the new Program Guidelines;
- Implemented a new Volunteer Recognition program, approved by the Board in 2002;
- Enhanced ongoing staff and volunteer orientation programs;
- Continued to enhance the new staff performance management system;
- Within the constraints of the budget, developed staff skills and leadership through management training and other skill development opportunities.

Goal 4: Communicate broadly and enhance branding

Achievements:

- Worked with the Ministry of Culture to announce the changes to the Foundation's granting programs and with OTF staff and volunteers on implementing the changes;
- Developed an implementation plan to address recommendations resulting from a provincial awareness survey conducted in 2002;
- Increased awareness of the projects funded by the Foundation by supporting grantees in promoting their work and success in their communities, achieved by maintaining or expanding the amount of media coverage generated by grantee-issued press releases;
- Implemented a comprehensive new grantee recognition program, incorporating new tools and supports for grantees;
- Hosted second Great Grants Awards program that achieved the Foundation's objectives;
- Facilitated grant recognition events totalling 586 in 2003-2004;
- Recorded in newspapers across the province 2,606 articles mentioning the Foundation and its grants, for an average of over 50 articles per week;
- Produced a province-wide report and community reports for each of our 16 catchment areas across the province;
- Participated in the planning for the 2004 Council on Foundations conference in Toronto as an opportunity to profile the achievements of the Foundation.

Financial Report
Ontario Trillium Foundation
March 31, 2004

Report on Financial Performance

- In 2003-2004, the Ontario Trillium Foundation received $100 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. Other revenue sources include investment income ($5.2 million) and funds made available as a result of rescinded grants ($1.6 million).

- Of this funding, $96.7 million was pledged for Community and Province-Wide grants, and grant-making expenses and support services together amounted to $10.2 million. The deficiency of revenue over expenses for 2003-2004 ($0.7 million) was planned for in the OTF Business Plan for the year.

- At March 31, 2004, the Foundation held approximately $112.3 million in investments, in short-term treasury bills and bankers' acceptances. Most of these funds ($103.1 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.

- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.

- Accumulated net assets at year-end totalled $8.3 million, of which approximately $800,000 was invested in capital assets and $7.5 million represented unrestricted assets. Future investment income from the unrestricted assets will contribute towards the Foundation's operating expenditures, thereby continuing to maximize the funds available for grants.

- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2004 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2004 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario) we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

The comparative figures for 2003 were reported on by another firm of chartered accountants.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2004

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the government of Ontario. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

(b) Investments:

Short-term investments, treasury bills, and bankers' acceptances are recorded at cost. Bonds are recorded at amortized cost.

(c) Grants:

Grants are recorded as expenses in the year that the Board of Directors approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

1. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

2. Investments:

Investments, at cost are as follows:

	2004	2003
Treasury bills	$ 99,736,707	$ 112,579,047
Bankers' acceptances	12,572,340	8,892,109
	$ 112,309,047	$ 121,471,156

The market value of investments approximates cost.

The treasury bills and bankers' acceptances are due within the next five months and bear interest from 2.0% to 4.4% (2003 - 2.8% to 4.4%).

3. Capital assets:

	Cost	Accumulated amortization	2004 Net book value	2003 Net book value
Furniture and fixtures	$ 720,493	$ 594,479	$ 126,014	$ 116,301
Computer hardware	739,886	528,624	211,262	229,610
Computer software	551,677	532,877	18,800	11,639
Leasehold improvements	1,200,738	721,856	478,882	602,280
	$ 3,212,794	$ 2,377,836	$ 834,958	$ 959,830

4. Government funding:

Effective April 1, 1999, OTF began to receive funding from the Ministry for a new mandate to be carried out through two programs: the Community and Province-Wide Grants Programs. During the fiscal years ended March 31, 2004 and 2003, OTF received $100 million of funding.

From April 1996 until fiscal 2001, OTF received funding from the Ministry for Partnership Programs which includes the Community Connections Program, Access Fund and Community Linkages Program.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

5. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. The continuity of deferred contributions is as follows:

	Community and Province-Wide grants program	Partnership programs	2004 Total	2003 Total
Deferred contributions, beginning of year	$ 3,377,854	$ 5,146	$ 3,383,000	$ 5,642,708
Activities during the year:				
Funding received (note 4)	100,000,000	–	100,000,000	100,000,000
Investment income recorded as revenue	5,154,004	45,990	5,199,994	4,734,431

Support services and amortization	(1,395,066)	–	(1,395,066)	(1,445,065)
Internally funded	513,214	–	513,214	–
Grants rescinded or recovered related to grants approved after March 31, 1999	1,531,318	14,129	1,545,447	1,652,078
Amounts recognized as Ontario government funding	(100,000,378)	9,446	(99,990,932)	(102,259,708)
Deferred contributions, end of year	$ 3,377,476	$ 14,592	$ 3,392,068	$ 3,383,000

5. Deferred contributions and grants payable (continued):

(b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2004	2003
Grants pledged:		
Community and Province-Wide grants programs	$ 96,685,700	$ 97,526,900
Partnership programs	–	992,500
	96,685,700	98,519,400
Grants rescinded	(1,242,420)	(1,357,900)
Grants paid	(104,104,280)	(101,719,353)
	(8,661,000)	(4,557,853)
Grants payable, beginning of year	111,741,117	116,298,970
Grants payable, end of year	$ 103,080,117	$ 111,741,117

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2005	$ 68,762,417
2006	25,099,800
2007	7,968,700
2008	1,075,900
2009	173,300
	$ 103,080,117

6. Non-grant contributions to the community:

Non-grant contributions to the community are charitable activities other than grants, such as partnerships with other organizations, projects initiated by OTF and technical assistance to community organizations. These contributions include expenses allocated from current operations.

7. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2005	$ 384,000
2006	334,000
2007	281,000
2008	226,000
	$ 1,225,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

8. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

9. Financial assets and liabilities:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The market value of investments is disclosed in note 2.

Madame la Ministre,

Au nom du conseil d'administration de la Fondation Trillium de l'Ontario (FTO), j'ai le plaisir de vous présenter notre rapport annuel pour l'exercice 2003-2004.

Ce document contient un bref exposé des objectifs que nos bénévoles et notre personnel ont atteints ainsi que des difficultés qu'ils ont surmontées. Il comprend aussi une liste des subventions octroyées dans le cadre de nos différents programmes et les états financiers vérifiés.

Grâce à l'allocation gouvernementale de 100 millions de dollars provenant de l'initiative des casinos de bienfaisance, nous avons pu permettre aux Ontariennes et Ontariens de travailler ensemble pour améliorer la qualité de vie de leur communauté. Nos subventions contribuent à l'épanouissement de communautés saines et dynamiques dans toute la province grâce à des investissements dans des initiatives communautaires qui renforcent les capacités du secteur bénévole.

Les équipes d'évaluation bénévoles de la FTO et les membres de son conseil d'administration, appuyés par un personnel professionnel et compétent, continuent à faire preuve d'un remarquable esprit de leadership. Nous ressentons tous une certaine fierté collective à l'égard de la performance soutenue de la FTO dont ce rapport fait état.

Nous apprécions la relation de travail efficace que votre ministère entretient avec la FTO et espérons pouvoir continuer à collaborer ensemble à l'épanouissement de communautés saines et dynamiques en Ontario.

Je vous prie d'agréer, Madame la Ministre, l'assurance de ma haute considération.

RESPONSABILITÉ, IMPACT ET EFFICACITÉ ORGANISATIONNELLE

Message du président
Robert G. Power

Au terme de la cinquième année du mandat élargi de la FTO, c'est avec fierté que je contemple le bilan de nos réalisations.

Les six années que j'ai passées à la FTO, dont cinq ans et demi à titre de président, représentent une incroyable expérience. Au fil de ces années, la FTO s'est transformée d'un petit organisme peu connu en un programme provincial réussi jouissant d'une solide réputation dans l'éventail social et politique de l'Ontario.

Maintenant que mon mandat de président tire à sa fin, je suis fier et reconnaissant d'avoir pu diriger un organisme animé par un conseil d'administration solide et dévoué, des équipes d'évaluation bénévoles exceptionnelles et un personnel des plus compétents. Ils se dépensent tous sans compter pour réaliser notre but de favoriser l'épanouissement de communautés saines et dynamiques en Ontario.

Au cours des cinq dernières années, la FTO, dans le cadre de son mandat élargi, a connu une rapide évolution et a accordé un nombre croissant de subventions. D'avril 1999 au 31 mars 2004, la FTO a octroyé plus de 7 700 subventions totalisant au-delà de 478 millions de dollars dans les quatre secteurs qu'il dessert. Nous avons notamment :

- revigoré le secteur des arts et de la culture en y injectant 107 millions de dollars;
- versé près de 44 millions de dollars au secteur de l'environnement sans but lucratif;
- consacré 230 millions de dollars en subventions au secteur des services sociaux;
- appuyé le secteur des sports et des loisirs à raison de 97 millions de dollars en subventions.

S'il est fort gratifiant de jeter un coup d'œil rétrospectif sur nos réussites, j'éprouve un plaisir particulier à remercier ceux qui ont contribué à nos réalisations collectives.

Nous sommes reconnaissants à notre bailleur de fonds, le gouvernement de l'Ontario, au ministère de la Culture et à l'honorable Madeleine Meilleur de l'engagement financier, de l'aide pratique et des conseils qu'ils continuent à nous prodiguer.

Nous avons également la bonne fortune de bénéficier du dévouement de nos 350 bénévoles. Les membres de notre conseil d'administration et de nos 16 équipes d'évaluation des demandes se consacrent sans compter à l'œuvre de la FTO et à leur collectivité. Nous avons aussi la chance d'être appuyés dans l'ensemble de la province par des employés compétents et professionnels conduits par le chef de la direction, L. Robin Cardozo. Ils veillent à ce que nous ayons les ressources et les moyens nécessaires pour nous acquitter de nos obligations à titre de dépositaire de fonds publics, et j'aimerais rendre hommage à leur travail remarquable.

Bon nombre des bénévoles qui sont avec nous depuis l'élargissement de notre mandat en 1999 nous quitteront cette année lorsque leur mandat se terminera. Notre œuvre collective n'aurait pas pu s'accomplir sans le zèle et le dévouement des membres non rémunérés du conseil d'administration et des équipes d'évaluation de la FTO.

Ces dirigeants communautaires accomplis ont déployé des trésors d'énergie et de dévouement, et les résultats sont là pour en témoigner. Ils incarnent l'esprit même du bénévolat et démontrent de façon magistrale qu'en travaillant ensemble on peut transformer une vision en réalité. Je les remercie tous.

Robert G. Power
Président du conseil d'administration

Message du chef de la direction
L. Robin Cardozo

Depuis l'adoption de son mandat élargi il y a cinq ans, la FTO a connu une croissance remarquable. Nous avons atteint nos objectifs d'octroi, rejoint des organismes de bienfaisance et sans but lucratif dans toute la province, et rehaussé l'efficacité et le rendement de l'organisme.

Au cours du dernier exercice, nous avons rajusté la vision, la mission et les valeurs de la FTO pour éclairer nos orientations stratégiques et opérationnelles des prochaines années. Notre but est de favoriser l'épanouissement de communautés saines et dynamiques en Ontario.

En 2003-2004, la FTO a investi 96 685 700 $ dans 1 776 subventions accordées à des organismes de bienfaisance et sans but lucratif qui reflètent l'éventail diversifié des intérêts, des citoyens et des communautés de l'Ontario.

Au fil de l'année, plus de 137 000 bénévoles ont consacré 3,7 millions d'heures de travail aux initiatives appuyées par nos subventions. La FTO a en outre contribué à plus de 12 500 activités, célébrations et événements communautaires auxquels plus de 6,1 millions de personnes ont assisté.

Nos subventions sont sollicitées par des milliers d'organismes ontariens. Pour chaque dollar de subvention que nous pouvons accorder, nous recevons des demandes s'élevant à trois dollars. Pour chaque dollar attribué en 2003-2004, les bénéficiaires sont parvenus à obtenir 1,50 $ en ressources supplémentaires, qui comprenaient des heures de bénévolat, des dons en nature ainsi que des fonds du secteur public et privé.

À la suite de consultations avec les intervenants, des changements apportés à nos programmes de subvention ont permis aux petites municipalités de recevoir des fonds dans le secteur des arts et de la culture et dans le secteur des sports et des loisirs. Ces changements ont particulièrement favorisé les communautés n'ayant pas beaucoup d'organismes sans but lucratif qui sont admissibles aux subventions de la FTO dans ces secteurs.

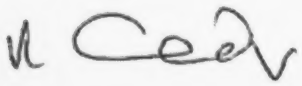
Notre Initiative de financement stratégique pour les conseils de bibliothèques desservant des municipalités de 20 000 habitants ou moins, lancée le 1er avril 2003, s'inscrit également dans cette démarche. Nous avons octroyé dans le cadre de ce programme spécial 215 subventions, totalisant 2 millions de dollars, pour aider les petites bibliothèques à s'acquitter de leur mission importante.

J'aimerais remercier la ministre de la Culture, l'honorable Madeleine Meilleur, et la sous-ministre de la Culture, madame Terry Smith, de l'appui et de l'encouragement prodigués l'année passée.

Après l'assemblée générale annuelle de la FTO tenue en juin 2004, quelques membres du conseil d'administration qui sont arrivés au terme de leur mandat nous quitteront. Je voudrais profiter de l'occasion qui m'est donnée ici pour rendre hommage à la contribution exceptionnelle des membres de notre conseil d'administration et, en particulier, à celui qui en tient la barre, Robert G. Power. Pendant cinq ans et demi, monsieur Power a présidé le conseil d'administration avec perspicacité, enthousiasme et sensibilité. Son absence se fera sentir.

Je tiens aussi à exprimer notre gratitude aux bénévoles des équipes d'évaluation, qui représentent si bien la FTO dans la province entière. En dernier lieu, je dois souligner le dévouement des membres du personnel, qui soutiennent sans faillir les initiatives des bénévoles et le travail de la FTO.

Quand cet aperçu des réalisations de 2003-2004 sera imprimé, nous aurons déjà entamé l'an 6 de notre mandat élargi, qui recèle de nouvelles promesses et de nouveaux défis. Il ne fait pour moi aucun doute que, en travaillant main dans la main, nous continuerons à accomplir notre mission et à offrir à notre bailleur de fonds comme à nos intervenants de la province entière des services d'une valeur exceptionnelle.



L. Robin Cardozo

La Fondation Trillium de l'Ontario
Aperçu des réalisations en 2003-2004

Le plan d'affaires de la FTO pour l'exercice en question visait quatre principaux objectifs de rendement. Les réalisations de l'organisme par rapport à ces objectifs sont résumées ci-dessous.

Objectif 1 : Faire des investissements stratégiques qui favorisent l'épanouissement de communautés saines, solidaires et économiquement solides

Nous avons :

- approuvé en 2003-2004 des subventions totalisant 96 685 700 $, ce qui représente 99,7 % du budget de subvention de l'exercice;
- publié nos *Lignes directrices* révisées et tenu des séances d'information dans la province entière, en veillant particulièrement à renseigner les petites municipalités sur leur admissibilité aux subventions de la FTO;
- mis en œuvre un programme de financement stratégique qui accordait des subventions non renouvelables aux bibliothèques des petites municipalités, au terme de consultations avec les représentants du secteur des bibliothèques;
- augmenté la proportion des subventions destinées aux projets d'immobilisations, de rénovation et d'équipement;
- octroyé pour la première fois, dans le cadre du Programme provincial, des subventions à grand impact pour des événements de calibre national ou international;
- continué à documenter l'impact des subventions de la FTO sur les communautés de l'Ontario, y compris les retombées économiques et communautaires, en veillant particulièrement à mesurer l'impact de nos subventions sur l'obtention de ressources locales;
- élaboré et mis en œuvre des stratégies de prise de contact ciblant des régions et des secteurs particuliers pour faciliter la réalisation des objectifs sectoriels;
- tenu notre conférence bisannuelle à l'automne 2003 pour améliorer les compétences des bénévoles et du personnel de la FTO en matière d'octroi de subventions.

Objectif 2: Continuer à renforcer l'obligation de rendre des comptes

Nous avons :

- appliqué les recommandations d'une étude réalisée en 2002, afin d'assurer le suivi efficace et économique du nombre croissant de subventions géré par la FTO;
- continué à rendre compte de façon exemplaire de l'utilisation des fonds publics grâce à une méthode d'évaluation des risques perfectionnée qui améliore davantage le processus de suivi des subventions;
- raffiné l'évaluation de l'impact des subventions en passant à l'étape suivante du Cadre d'évaluation des programmes de la FTO;
- maintenu les normes du service à la clientèle et apporté certaines améliorations appropriées, fondées sur des commentaires faits par les demandeurs;
- exploré d'autres moyens d'améliorer le service à la clientèle qui font appel à la technologie;
- examiné les pratiques d'autres bailleurs de fonds en matière de suivi des subventions pour repérer et adopter les pratiques les meilleures et les plus efficaces;
- continué à perfectionner les mesures de rendement organisationnel et à cibler les résultats des investissements de la FTO dans les communautés.

Objectif 3: Continuer à accroître l'efficacité organisationnelle

Nous avons :

- veillé à ce que la FTO ait le niveau de ressources approprié pour maintenir des normes de responsabilisation qui assurent l'efficacité de l'octroi des subventions, du service à la clientèle et du suivi des subventions – particulièrement dans le contexte du nombre croissant de subventions à gérer;
- maintenu l'accessibilité des programmes dans toute la province, un niveau élevé de service à la clientèle et un haut niveau de rentabilité organisationnelle;
- amélioré l'informatisation des bureaux régionaux;
- amélioré le système de classification des subventions grâce à la mise en œuvre de nouvelles méthodes de codification;
- développé la capacité décisionnelle des bénévoles grâce à des séances de perfectionnement professionnel, notamment des séances de formation portant sur les *Lignes directrices*;
- mis en œuvre un nouveau programme de reconnaissance des bénévoles, approuvé par le conseil d'administration en 2002;
- amélioré les programmes d'orientation courants visant le personnel et les bénévoles;
- continué à améliorer le nouveau système de gestion du rendement du personnel;
- développé, dans les limites du budget disponible, les compétences et le leadership du personnel par l'entremise de séances de formation en gestion et d'autres moyens de perfectionnement.

Objectif 4: Communiquer à grande échelle et promouvoir notre image de marque

Nous avons :

- collaboré avec le ministère de la Culture à l'annonce des changements aux programmes de subvention de la FTO et avec le personnel de l'organisme à la mise en œuvre des changements;
- élaboré un plan de mise en œuvre pour donner suite aux recommandations découlant d'un sondage provincial sur la sensibilisation mené en 2002;
- sensibilisé davantage le public aux projets financés par la FTO en aidant les bénéficiaires à promouvoir leur travail et leurs réussites dans leur communauté, but réalisé grâce au maintien ou à l'expansion de la couverture médiatique que les communiqués publiés par les bénéficiaires sont parvenus à générer;
- mis en œuvre un nouveau programme détaillé qui donne aux bénéficiaires des outils et du matériel pour reconnaître les subventions de la FTO;
- organisé pour la deuxième fois la cérémonie des Prix d'excellence pour les subventions bien méritées qui a atteint les objectifs de la FTO;
- appuyé 586 activités de reconnaissance des subventions en 2003-2004;
- noté dans la presse écrite de la province 2 606 articles qui mentionnaient la FTO et ses subventions, à raison d'une cinquantaine d'articles par semaine;
- publié un rapport provincial ainsi que des rapports communautaires pour chacune de nos 16 régions en Ontario;
- participé à la planification de la conférence 2004 du Council on Foundations à Toronto et profité de l'occasion pour faire valoir les réalisations de la FTO.

- **Leadership des bénévoles et du personnel**

Notre leadership repose sur un personnel compétent qui travaille en partenariat avec des bénévoles bien informés qui comprennent les besoins des communautés dans leur région. Les pratiques de ressources humaines établies pour le personnel et les bénévoles favorisent cette fructueuse synergie.

Dans nos politiques et programmes, nous reconnaissons la diversité et le dynamisme de la population ontarienne ainsi que la diversité des besoins locaux dans la province. Nous soutenons des initiatives novatrices qui répondent aux besoins réels, variés et changeants des communautés de l'Ontario.

- **Intégrité et respect**

Dans notre processus décisionnel, nos pratiques d'affaires et nos stratégies de communication, nous nous laissons guider par les principes d'honnêteté, d'intégrité et d'équité. Nous traitons tous nos intervenants avec respect, y compris les bénévoles, les membres du personnel, les demandeurs de subvention et le public.

- **Efficacité et impact**

Nous sommes déterminés à bien investir les fonds publics et à réduire au maximum le coût de nos procédés d'octroi et de contrôle des subventions. Nous mesurons et évaluons constamment les résultats des initiatives que nous subventionnons.

Rapport financier

La Fondation Trillium de l'Ontario

31 mars 2004

Rapport sur le rendement financier

- En 2003-2004, la Fondation Trillium de l'Ontario (FTO) a reçu 100 millions de dollars du ministère de la Culture pour ses programmes de subventions communautaires et de subventions provinciales. D'autres sources de revenus comprennent des revenus de placement (5,2 millions de dollars) et des fonds provenant de subventions annulées (1,6 million de dollars).

- De l'ensemble de ces fonds, 96,7 millions de dollars ont été affectés aux subventions communautaires et aux subventions provinciales, et les dépenses combinées relatives à l'octroi des subventions et aux services de soutien s'élevaient à 10,2 millions de dollars. L'insuffisance des produits par rapport aux charges pour 2003-2004 (0,7 million de dollars) était prévue dans le plan d'affaires de la FTO visant l'exercice en question.

- Au 31 mars 2004, la FTO détenait des placements, des bons du Trésor à court terme et des acceptations bancaires d'une valeur totale d'environ 112,3 millions de dollars. La majorité de ces fonds (103,1 millions de dollars) représentent des engagements au titre de subventions pluriannuelles et ont été investis afin de maximiser les intérêts gagnés par la FTO. Les placements sont effectués conformément aux directives de l'Office ontarien de financement.

- Des fonds peuvent être recouvrés ou des versements prévus peuvent être annulés si les circonstances (p. ex., activités planifiées, budgets) changent ou si les conditions régissant la subvention ou les objectifs de rendement ne sont pas respectées.

- L'actif net accumulé à la fin de l'exercice s'élevait à 8,3 millions de dollars. De ce montant, environ 800 000 $ ont été placés dans des immobilisations et 7,5 millions de dollars représentent l'actif non affecté. Les revenus de placement provenant de l'actif non affecté seront imputés aux dépenses d'exploitation de la FTO, ce qui continuera de maximiser les fonds disponibles pour les subventions.

- Les bénévoles contribuent considérablement au fonctionnement de la FTO. Vu la difficulté d'évaluer la valeur monétaire du travail des bénévoles, celui-ci n'est pas inclus dans les états financiers.

Notes afférentes aux états financiers

Exercice terminé le 31 mars 2004

La Fondation Trillium de l'Ontario (la « FTO »), un organisme du ministère de la Culture (le « ministère »), est soutenue financièrement par le gouvernement de l'Ontario. La FTO a entrepris ses activités à titre d'organisme sans lien de dépendance du gouvernement de l'Ontario le 23 août 1982 et a été constituée sans capital-actions en vertu des lois de l'Ontario selon des lettres patentes datées du 17 novembre 1982. L'objectif de la FTO consiste à créer des collectivités saines et dynamiques à travers l'Ontario en renforçant les capacités du secteur bénévole par des investissements dans les projets communautaires.

1. Principales conventions comptables

Les présents états financiers ont été dressés selon les principes comptables généralement reconnus du Canada appliqués dans le cadre des principales conventions comptables résumées ci-après :

a) Constatation des produits

La FTO suit la méthode du report pour comptabiliser les apports, qui comprennent le financement accordé par le gouvernement. Les apports non affectés sont constatés à titre de produits lorsqu'ils sont reçus ou comme montants à recevoir, si le montant devant être reçu peut faire l'objet d'une estimation raisonnable et que sa perception est raisonnablement assurée. Les apports grevés d'affectation d'origine externe sont reportés et constatés à titre de produits dans l'exercice au cours duquel les charges connexes sont engagées.

b) Placements

Les placements à court terme, les bons du Trésor et les acceptations bancaires sont comptabilisés au coût. Les obligations sont constatées au coût non amorti.

c) Subventions

Les subventions sont comptabilisées à titre de charges dans l'exercice au cours duquel le conseil d'administration les approuve.

d) Charges

Les charges ministérielles sont réparties entre l'octroi de subventions et les services de soutien selon le pourcentage des activités de chaque ministère qui est consacré à ces activités.

1. Principales conventions comptables (suite)

e) Immobilisations

Les immobilisations sont constatées au coût moins l'amortissement cumulé. L'amortissement est calculé de manière linéaire sur les périodes suivantes :

Mobilier et agencements	5 ans
Matériel informatique	3 ans
Logiciels	1 an
Améliorations locatives	Sur la durée du bail

2. Placements

Les placements, présentés au coût, sont les suivants :

	2004	2003
Bons du Trésor	99 736 707 $	112 579 047 $
Acceptations bancaires	12 572 340	8 892 109
	112 309 047 $	121 471 156 $

La valeur marchande des placements se rapproche de leur coût.

Les bons du Trésor et les acceptations bancaires viennent à échéance au cours des cinq prochains mois et portent intérêt à un taux variant de 2,0 % à 4,4 % (2,8 % à 4,4 % en 2003).

3. Immobilisations

			2004	2003
	Prix coûtant	Amortissement cumulé	Valeur comptable nette	Valeur comptable nette
Mobilier et agencements	720 493 $	594 479 $	126 014 $	116 301 $
Matériel informatique	739 886	528 624	211 262	229 610
Logiciels	551 677	532 877	18 800	11 639
Améliorations locatives	1 200 738	721 856	478 882	602 280
	3 212 794 $	2 377 836 $	834 958 $	959 830 $

4. Financement accordé par le gouvernement

Le 1er avril 1999, la FTO a commencé à recevoir du financement du ministère pour un nouveau mandat qui sera exécuté par l'intermédiaire de deux programmes : subventions au niveau communautaire et subventions à l'échelle de la province. Au cours des exercices terminés les 31 mars 2004 et 2003, la FTO a reçu 100 millions de dollars en financement.

Depuis avril 1996 et jusqu'à l'exercice 2001, la FTO a reçu du financement du ministère pour des programmes de partenariat qui comprennent le programme Connexions communautaires, le Fonds Accès et le programme Liaisons communautaires.

Le financement du gouvernement est assujetti à un protocole d'entente avec le ministère qui établit la façon dont les fonds doivent être investis et distribués.

5. Apports reportés et subventions à payer

5. Apports reportés et subventions à payer (suite)

b) Lorsque la FTO promet la distribution d'une subvention, celle-ci est comptabilisée comme subvention à payer. Les subventions promises et qui ne sont pas encore distribuées sont à payer, à la réception des fonds par la FTO et si les bénéficiaires satisfont à certains critères de rendement. L'historique des subventions à payer est comme suit :

	2004	2003
Subventions promises		
Subventions au niveau communautaire et subventions à l'échelle de la province	96 685 700 $	97 526 900 $

2007	7 968 700
2008	1 075 900
2009	173 300
	103 080 117 $

6. Sommes versées, autres que des subventions, à la collectivité

Les sommes versées, autres que des subventions, à la collectivité constituent des activités de bienfaisance autres que des subventions, comme des partenariats avec d'autres organismes, des projets mis en œuvre par la FTO et une aide technique aux organismes communautaires. Le poste comprend les frais faisant partie des activités courantes.

7. Engagement

Les loyers annuels minimums futurs au titre des contrats de location-exploitation visant des locaux sont comme suit :

2005	384 000 $
2006	334 000
2007	281 000
2008	226 000
	1 225 000 $

Relativement à ces contrats de location-exploitation, la FTO a convenu d'indemniser le propriétaire à l'égard de pertes qui ont eu lieu dans les locaux loués et qui pourraient découler d'une rupture du contrat de location-exploitation.

8. Indemnisation des dirigeants et des administrateurs

La FTO indemnise ses administrateurs, dirigeants, employés et bénévoles, passés, présents et futurs, à l'égard de frais (y compris les frais juridiques), de jugements et de toute somme réellement ou raisonnablement engagée par ces derniers relativement à une action, poursuite ou procédure intentée contre eux dans le cadre de leurs fonctions, s'ils ont agi avec intégrité et bonne foi dans l'intérêt véritable de la FTO. La nature de cette indemnisation empêche la FTO d'estimer raisonnablement le risque maximal. La FTO a souscrit une assurance responsabilité civile couvrant ses administrateurs et ses dirigeants relativement à cette indemnisation.

9. Actifs et passifs financiers

La valeur comptable de l'encaisse, des intérêts courus et autres, des créditeurs et charges à payer ainsi que des subventions à payer se rapproche de leur juste valeur, du fait de la relative brièveté de la période à courir jusqu'à l'échéance de ces éléments ou parce qu'ils sont à recevoir ou à payer à vue.

La valeur marchande des placements est présentée à la note 2.
